Grape varieties | 65% Seara Nova | 25% Fernão Pires | 10% Malvasia

Volume | 11,5%

Color | Lemon yellow

Technical notes | This wine shows a citrus yellow colour, with high intensity of exotic fruits aroma on the nose and floral notes that arise not only from its youth but also from the grapes used. On the mouth we feel a fruity attack associated to its natural freshness and sparkling vibration. It has a persistent, fresh and pleasant finish.
